For Parents, Teachers, and guardians: about the ‘BILLY Growing Up Series

Billy and his friends are children entering young adulthood, trying to make sense of the world around them. Like all children, they are confronted by a complex, diverse, fast-changing, exciting world full of opportunities, contradictions, and dangers through which they must navigate on their way to becoming responsible adults.

What underlies their journey are the values they gain through their experiences. In early childhood, children acquire their values by watching the behaviour of their parents. From around eight years old onwards, children are driven by exploration, and seeking independence; they are more outward looking. It is at this age they begin to think for themselves, and are capable of putting their own meaning to feelings, and the events and experiences they live through. They are developing their own identity.
The Billy Books series supports an initiative championing Values-based Education, (VbE) founded by Dr Neil Hawkes*. The VbE objective is to influence a child’s capacity to succeed in life by encouraging them to adopt positive values that will serve them during their early lives, and sustain them throughout their adulthood. Building on the VbE objective, each Billy book uses the power of traditional storytelling to contrast negative behaviours with positive outcomes to illustrate, guide, and shape a child’s understanding of the importance of values.

This series of books help parents, guardians and teachers to deal with the issues that challenge children who are coming of age. Dealt with in a gentle way through storytelling, children begin to understand the challenges they face, and the importance of introducing positive values into their everyday lives. Setting the issues in a meaningful context helps a child to see things from a different perspective. These books act as icebreakers, allowing easier communication between parents, or other significant adults, and children when
it comes to discussing difficult subjects. They are suitable for KS2, PSHE classes.

There are eight books in the series. Suggestions for other topics to be dealt with in this way are always welcome. To this end, contact the author by email: james@jamesminter.com.

*Values-Based Education, (VbE) is a programme that is being adopted in schools to inspire adults and pupils to embrace and live positive human values. In English schools, there is now a Government requirement to teach British values. More information can be found at: www.valuesbasededucation.com/*
**Book 1 - Billy has a birthday**

Bullies appear confident and strong. That is why they are scary and intimidating. Billy loses his birthday present, a twenty-pound note, to the school bully. With the help of a grown-up, he manages to get it back and the bully gets what he deserves.

**Book 2 - Billy and ant fall out**

False pride can make you feel so important that you would rather do something wrong than admit you have made a mistake. In this story, Billy says something nasty to Ant and they row. Ant goes away and makes a new friend, leaving Billy feeling angry and abandoned. His pride will not let him apologise to his best friend until things get out of hand.

**Book 3 - Billy is nasty to ant**

Jealousy only really hurts the person who feels it. It is useful to help children accept other people’s successes without them feeling vulnerable. When Ant wins a school prize, Billy can’t stop himself saying horrible things. Rather than being pleased
for Ant, he is envious and wishes he had won instead.

**Book 4 - Billy and ant Lie**

Lying is very common. It’s wrong, but it’s common. Lies are told for a number of different reasons, but one of the most frequent is to avoid trouble. While cycling to school, Billy and Ant mess around and lie about getting a flat tyre to cover up their lateness. The arrival of the police at school regarding a serious crime committed earlier that day means their lie puts them in a very difficult position.

**Book 5 - Billy helps max**

Stealing is taking something without permission or payment. Children may steal for a dare, or because they want something and have no money, or as a way of getting attention. Max sees some go-faster stickers for her bike, and she has to have them. Her birthday is ages away so she gives in to temptation.
Book 6 - Billy saves the day
Children need belief in themselves and their abilities, but having an inflated ego can be detrimental. Lack of self-belief holds them back, but overpraising leads to unrealistic expectations. Billy fails to audition for the lead role in the school play, as he is convinced he is not good enough.

Book 7- Billy Wants It All
The value of money is one of the most important subjects for children to learn, yet it is one of the least-taught subjects. Billy and Ant want skateboards, but soon realise a reasonable one will cost a significant amount of money. How will they get the amount they need?

Book 8 - Billy Knows a Secret
If something is kept a secret, there is a reason. It is usually to protect yourself or someone else. This story explores the issues of secret-keeping, and the consequences that arise. For children, the importance of finding a responsible adult with whom they can confide in and share their concerns is a significant life lesson.
ABOUT THE AUTHOR

I am a dad of two grown children, and a stepfather to three more. I started writing five years ago with books designed to appeal to the inner child in adults - very English humour. My daughter Louise, reminded me of the bedtime stories I told her, and suggested I write them down for others to enjoy. I haven't yet, but instead I have written this eight-book series for 8 to 11-year-old boys and girls. Each one is a traditional story dealing with negative behaviours, but with positive outcomes.

Although the main characters, Billy and his friends, are made up, Billy's dog, Jacko, is based on our much-loved family pet, which, with our second dog Malibu, caused havoc and mayhem to the delight of my children and consternation of me.

Prior to writing, I was a college lecturer, and later worked in the computer industry, at a time before smartphones and tablets, when computers were powered by steam, and stood as high as a bus.
