

Zehnya's Butterfly

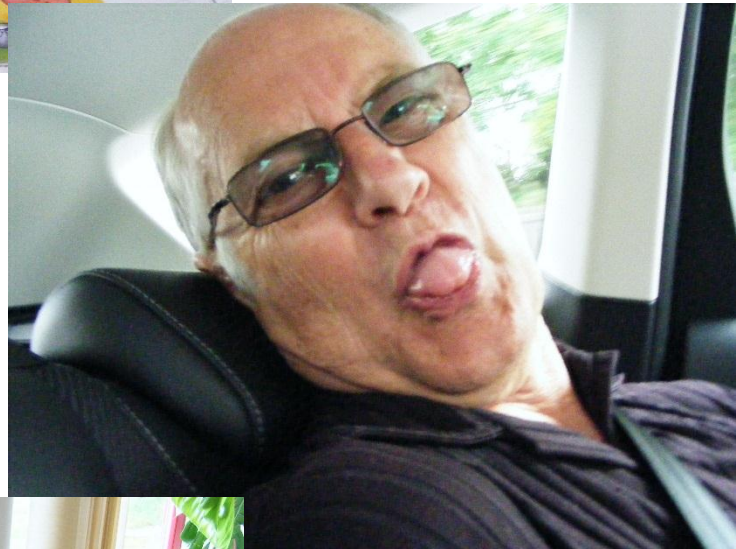

OPA

My story starts once upon a time.

Once upon a time
Opa came to visit us

Opa!

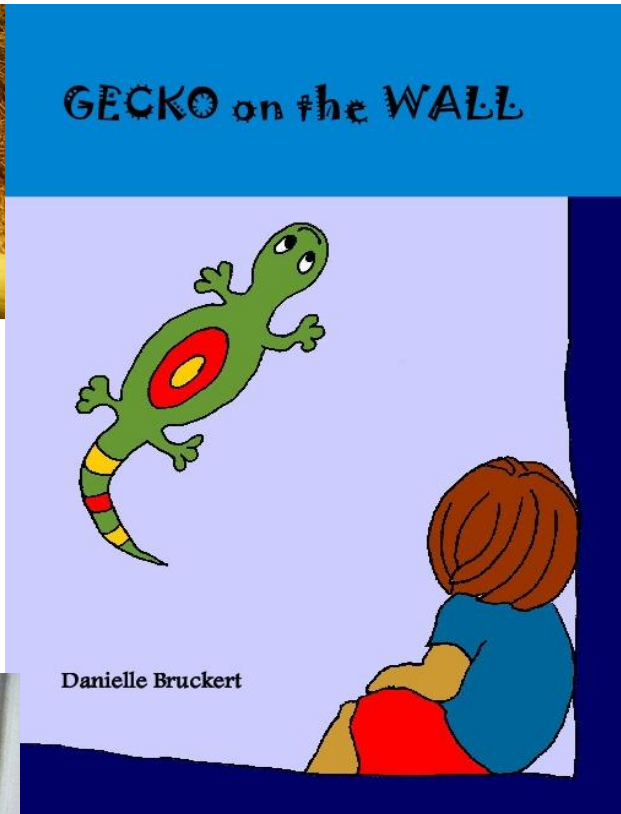

And he took me to
the butterfly house

I recognized the Gecko
from Mum's book

Mum's Gecko book

Then it was time to go and see the butterflies

We went through double doors. This was to stop the butterflies from escaping.

Once inside I went exploring

The butterflies were easy to see but hard to capture

But I finally found one

There were hundreds of beautiful butterflies in the house

They were all types and colours and they seemed very happy to see me

There were restaurants all over the place

So I waited beside one

I waited and waited and waited!

Until finallyone
came and said 'Hello'!

Then I met the most
Beautiful Butterfly in the
world

I named her 'cow,
because I love 'cow'.

I found her by the exit door.

I think she wanted to escape.

As soon as she saw me she jumped on my arm.

She came closer and looked up into my eyes.

She was so soft and beautiful and blue. Soooooo blue

And she stayed there for ages and ages ...

... and ages!

Then it was time to go

Good-bye!

You're tickling my arm!

I wish I could have stayed forever & ever & ever
